

Ameren Missouri Heating and Cooling Program

Rebate Chart for New Construction – Residential Electric Customers Only

Heating and Cooling Program New Construction Rebate Measures*		Rebates Valid Beginning March 7, 2016	
Air-Source Heat Pump**		<i>Air-Conditioning, Heating and Refrigeration Institute (AHRI) Rated</i>	
Air-Source Heat Pump – SEER 15			\$500
Air-Source Heat Pump – SEER 16+			\$650
<i>Air-Source Heat Pump must have an electric backup heat source (no gas backup).</i>			
Ductless Air-Source Heat Pump**		<i>AHRI Rated, Per Outdoor Unit</i>	
Ductless Air-Source Heat Pump – SEER 19+			\$500
<i>Ductless Air-Source Heat Pumps are NOT eligible if the new construction residence utilizes natural gas as a primary heat source.</i>			
Dual Fuel Heat Pump**		<i>AHRI Rated</i>	
Dual Fuel Heat Pump – SEER 15			\$175
Dual Fuel Heat Pump – SEER 16+			\$200
<i>Dual Fuel Heat Pump must have a gas backup heat source (no electric backup).</i>			
Ground Source Heat Pump**		<i>AHRI Rated</i>	
Ground Source Heat Pump – EER 14+			\$2,000
<i>EER requirements above are partial cooling load. Geothermal Heat Pumps are NOT eligible if the new construction residence utilizes natural gas as a primary heat source.</i>			
Central Air Conditioner		<i>AHRI Rated</i>	
Central Air Conditioner – SEER 14			\$250
Central Air Conditioner – SEER 15			\$275
Central Air Conditioner – SEER 16+			\$300
Electronically Commutated Motor (ECM)			
		<i>Included in AHRI Efficiency rating</i>	<i>Not included in AHRI Efficiency rating</i>
Factory Installed in a New Gas Furnace or Air Handler		\$50	\$100

*Some restrictions may apply. Valid through February 15, 2019. Visit AmerenMissouri.com/hvac for full program details.

**Ameren Missouri does not promote fuel switching or load building. The intent of these rebates is not to incentivize customers to use a different fuel source but to provide a portion of the cost for a more efficient unit once a fuel source has been chosen.

General Eligibility Information

- The equipment must meet the program's eligibility requirements listed here to qualify for the rebate.
- The dwelling must be associated with a current Ameren Missouri residential electric account.
- To be eligible for participation in the program, the dwelling unit must be one of the following:
 - Single-family residence
 - Multifamily building with four units or fewer, in any configuration
 - Row house, which is defined as a single-family dwelling unit that shares common vertical walls only with other single-family dwelling units. Multistory, multifamily dwelling units with greater than four units that also share a horizontal surface (floor or ceiling) with another dwelling unit do not qualify.
- A participating contractor must install the qualifying equipment and that contractor must be participating at the time of installation. Participating contractors can be located by visiting AmerenMissouri.com/hvac or calling 1.877.215.5752.

- All rebate applications and supporting documents must be submitted by a participating contractor within 30 days of service and by February 15, 2019.

New Construction Rebate Eligibility

- Newly installed equipment must meet or exceed the Seasonal Energy Efficiency Ratio (SEER) or Energy Efficiency Ratio (EER) levels set forth by the program above and documented by the Air-Conditioning, Heating and Refrigeration Institute (AHRI).

Contractor Eligibility and Participation

- All interested contractors are required to attend program orientation and complete a contractor participation agreement prior to offering Ameren Missouri rebates.
- Rebate applications and supporting documentation are submitted by contractors on behalf of customers.
- In order to begin the process of becoming a participating contractor, visit AmerenMissouri.com/hvac or call 1.877.215.5752.
